PROFILE INFO

Dedicated Frontend Developer with a strong focus on React and Next.js, specializing in building high-performance, accessible, and user-centric web applications. I bridge the gap between complex backend logic and intuitive UI/UX design to deliver seamless digital experiences. Passionate about clean code, performance optimization, and staying ahead of the modern web ecosystem to build scalable solutions that work flawlessly across all devices

EXPERIENCE

- FRONTEND MENTOR AT RAKHMONOV IT SCHOOL** 2022-2023
Vue-specialized Frontend Dev & Mentor at Rakhmonov IT School. I build sleek, high-speed UIs and simplify complex code into intuitive digital experiences.
- FRONTEND MENTOR AND DEVELOPER AT UZIT GROUP** 2023-2025
Frontend Developer @UZIT. Specializing in React & Next to build fast, scalable, and pixel-perfect web apps. Dedicated to clean code and great UX.
- FRONTEND MENTOR AND MENTOR ASSISTANT AT NAJOT TA'LIM** 2025- 2025
Frontend Mentor & Assistant at Najot Ta'lim. Building high-end React apps and empowering new developers. Focused on clean code and modern UI/UX.

ACHIVEMENT

Active participant and attendee at GDG events, focusing on modern web technologies

Active Participant at MDCU (Microsoft Developers Community Uzbekistan) events, engaging in tech discussions and networking with local and global experts.
